Explore the different ways to find programs/offerings under All Activities.

- » From Registration Home, quick search for “All Activities”
- » Use search criteria, such as Keyword, to refine results. Consider searching by Begin Month, Age, and/or Location. Using Begin Month and not finding your classes? Try selecting the month prior as the first class may be in the earlier month.
- » Multi-select is an option for search criteria: for example, you can search programs for both a 7 & an 11 year old. On mobile devices, check the boxes for multiple options. On a PC, press and hold down the Ctrl key while also clicking on desired options.
- » Using Categories can be helpful, yet if you are not finding search results, try using “All categories” instead.
- » Use the “reset” button to clear out search criteria.

Reserve a time to use facilities under COVID-19 Reservations

- » From Registration Home, quick search for “COVID-19 Reservations” for COVID-19 Reservation Category offerings.
- » Limit results to a specific location. Highlight the location desired. Multi-select is an option.
- » Use keyword search to bring up specific results. For example, “lap” brings up lap swim times while “open” brings up open swims. See the next pages for a listing of program keywords.
- » Know your code number but it isn’t working anymore? Spring codes begin with “2”; Summer codes begin with “3”; Fall codes begin with “4”; Winter codes begin with “1”.

Sport League registrations are taken online
